Connecting Telangana to the world

What is GTA

The **GTA Mega Convention 2025**, is a flagship global gathering that brings together the worldwide Telangana diaspora on a single, purpose-driven platform. Organised by the Global Telangana Association (GTA), the convention is designed to connect Telanganites across the world and channel their collective experience, expertise, and resources towards Telangana's future growth.

The convention will bring together industry leaders, entrepreneurs, professionals, policymakers, cultural figures, youth leaders, and global achievers to engage in meaningful dialogue and collaboration. The focus is on building structured global networks and aligning diaspora knowledge, investment potential, and skills with Telangana's development priorities.

With participation expected from over **8,000+ delegates representing 30+ countries**, the GTA Mega Convention 2025 aims to position Telangana as a globally connected and future-ready state. The outcomes are intended to go beyond the event itself, including actionable collaboration frameworks, long-term diaspora engagement models, enhanced global visibility for Telangana, and strategic inputs aligned with the government's Telangana Rising 2047 vision—making the convention not just a two-day gathering, but the beginning of a sustained global movement rooted in shared identity and purpose.
